

HP Project & Portfolio Mgmt SaaS

Accelerating adoption of HP PPM

HP PPM Implementation Partner of the Year 2012, 2011, and 2010

ResultsPositive is a leader in IT Management consulting delivering Strategy, Planning, and Governance, Project & Portfolio Management, IT Financial Management, Business Intelligence, Mobility, and Application Lifecycle Management solutions to medium sized and Fortune 500 companies. As both an HP Platinum Partner and HP ASMP-S Support Provider, ResultsPositive has the experience, support, and training necessary to turn your complex IT processes into tangible business solutions.

Streamline Project Execution

HP Project and Portfolio Management (HP PPM) standardizes, manages, and captures the execution of project, portfolio, and operational activities. It provides critical information to help companies make the right investment decisions at the right time. From day-to-day maintenance to the new initiatives that grow and transform your business, HP PPM lets business stakeholders collaboratively govern with objective prioritizations and multiple levels of input, review, and approval.

Simplify Complex Processes

Learn how to better align business investments with business goals by:

- Implementing simplified processes
- Streamlining organizational & governance structures
- Identifying and focusing on strategic project and portfolios
- Accessing real-time views and control over project workflows, issues, risks, and resources
